## Public Petition

To the House of Commons:

The petition of concerned energy users in the Highlands and Islands.

Declares that the below petitioners are concerned about the energy costs faced by households without access to the main, and the large rise in the numbers facing acute fuel poverty this winter.

The petitioners therefore request that the House of Commons urges the Government to target emergency financial help at those who rely on heating oil, LPG or solid fuel to match the support currently provided through the six biggest gas and electricity providers.

And the petitioners remain, etc.
